Unisow

Project name: *Unisow: Building the Future of Giving, with You.*

Our client Unisow needs a website for their new crowdfunding website. This web site needs to be visible on desktop, tablet and mobile. The smallest supported version should be 320px and maximum it should be 1140px. We do not have the detailed design but we have access to PDF files that shows how layouts are placed. Please try to get as close as possible.

Client has asked to first prepare mobile version. Your task is to follow mobile first strategy.
